

**IN THE SPECIFICATION**

Amend paragraph [0024] as follows:

[0024] ~~FIG. 9 is a block diagram illustrating an alternative cesium delivery system is an expanded perspective view of an alternate dual strip type cesium vapor emitter of FIG. 7.~~

Please amend paragraph [0031] as follows:

[0031] The cesium vapor emitter 17 also may be located outside of a vacuum chamber by using an alternative cesium delivery system, such as delivery tubing, as long as the delivery system is kept in an isothermal condition. Fig. 10 illustrates the alternative cesium delivery system, which utilizes a cesium reservoir 100 and outlet 101, and both of which may be temperature controlled. Moreover, the alternate cesium delivery system may use a regulator 102.
